#### Do you want to rebalance your investments?

This is only relevant to you, if you have selected more than one investment option. If you select to rebalance your investments, we reset your account balance on the 15th of each month, to match the original investment strategy you selected.

Below is an example where the member investment strategy is 50% Balanced Growth and 50% Defensive:

	BALANCED GROWTH	DEFENSIVE	TOTAL
Initial investment	\$5,000	\$5,000	\$10,000
Your balance on the 15th of the following month	\$5,300	\$5,100	\$10,400
Your balance after rebalancing	\$5,200	\$5,200	\$10,400

If you select this option, you cannot switch your investments during the two working days prior to the 15th of each month. You cannot select this option if you have selected different strategies for your Current balance and Future transactions.

I would like to rebalance my investments automatically each month:
