

Introducing GoalTracker,[®] a better way to do super

Age-Based Investment Strategy

GoalTracker starts with the MySuper investment option. When you're younger, that means a higher allocation to growth assets to help your super grow. Your allocation to defensive assets increases later to help protect your savings.

Set a goal

The suite of GoalTracker tools help you work out how much money you'll need to pay for the lifestyle you want in retirement and if you're on track to get there.

Personalised GoalTracker Plus

Take it to the next level with a personalised investment strategy based on your retirement income goal and personal situation. Activating GoalTracker Plus also means your strategy is reviewed and updated each quarter (if necessary).
